Those of you who have been waiting patiently (or maybe impatiently!), you'll be pleased to know that the equipment has finally been set up and tested and is ready for classes. If you have already put your name on the list at the library please drop by and fill out a short registration form . The form is easy to fill out. Even if you've never even touched a computer before, you're especially welcome. These classes are primarily meant for beginners. Everyone has to start somewhere. Even if you don't know what questions to ask, don't worry.

We need to hear from you 1.) to see if you are interested 2.) what your wants are from these classes. 3.) when these classes are convenient for you to attend 4.) if we need to get in touch in case of bad weather or schedule changes. As soon as we have a list of potential students, with your registration forms completed we will start classes based on your input. We will try to accommodate everyone as soon as possible. The classes will be on a first come-first served basis, so those of you who are already listed will have first choice on the schedule but we will try to get you all in a class as soon as possible.. Couples are welcome to train together. We hope to see a lot of you very soon.

They're Here!

CURTIS TOWNSHIP LIBRARY now has its training computers up and running. So those of you who would like to find out how the things work, please come to the library and sign up for a class. Whether you own a computer already or have never touched or used one, there will be something to discover. It's almost impossible to survive in today's world without at least some knowledge of computers so here is a free and easy way to get some of your questions answered. There are already many people signed up for classes so come in soon and register.

*Got my coffee,
Got my cigarettes,
Got my computer
And look my prospect
It's gonna be a great day!*

Forms, like the one showed below will be available. The information will be strictly confidential and used only to group students with like knowledge levels together and to notify you of any class schedule changes or cancellations due to inclement weather, etc. Classes (2 students) will be approximately one hour in length.

NEW BOOKS

Dark Witch
by Nora Roberts.

First in the all-new Cousins O'Dwyer Trilogy. Iona Sheehan grew up craving devotion and acceptance. From her maternal grandmother, she learned where to find both: a land of lush forests, dazzling lakes, and centuries-old legends, Ireland. When Iona lands a job at the local stables, she meets the owner, Boyle McGrath. Cowboy, pirate, wild tribal horsemen, he's three of her biggest fantasy weaknesses all in one big, bold package. Iona realizes that here she can make a home for herself—and live her life as she wants, even if that means falling head over heels for Boyle. But nothing is as it seems. An ancient evil must be defeated.
